## **CALIBRE ANNOUNCES THE PUBLICATION OF ITS 2021 ENVIRONMENTAL, SOCIAL AND GOVERNANCE SUSTAINABILITY REPORT**

**Vancouver, B.C. - July 6, 2022: Calibre Mining Corp.** (TSX: CXB; OTCQX: CXBMF) (“Calibre” or the “Company”) is pleased to announce that it has published its 2021 Sustainability Report (“the Report”). The Report outlines Calibre’s 2021 progress and achievements and provides guidance for the Company’s Environmental, Social and Governance (“ESG”) performance. Calibre’s increasing integration of sustainability practices and close teamwork, based largely on robust ESG performance, assisted the Company to surpass the high end of its 2021 production targets.

### **2021 Highlights**

#### **Environment**

- Zero high-risk reportable environmental incidents;
- Gap assessment against the Cyanide Code conducted, and actions to correct deficiencies are underway;
- 46% of water recycled for operational use;
- 626 tonnes of non-mineral waste recycled; and
- Greenhouse gas emissions inventory conducted.

#### **Social**

- No significant fines, violations, or incidents related to employment practices, health and safety, workplace disruptions, or community disputes during the reporting period;
- 2021 LTIFR of 0.51, a reduction of approximately 22% over 2020;
- 100% of public consultations resulted in community consent to develop proposed projects;
- 95% of our employees are Nicaraguan, and 81% of those are from local communities; and
- US\$285.9 million in economic value distributed.

#### **Governance**

- No instances of non-compliance with laws and regulations;
- Zero Whistleblower Policy complaints;
- 705 business partners assessed under due diligence process;
- 100% of signed contracts included precautionary clauses on human rights; and
- Responsible Gold Mining Principle’s Year-One Implementation Progress Report published and externally assured (found [here](#)).

**Darren Hall, President & Chief Executive Officer of Calibre, stated:** “I am extremely proud of what the team has accomplished in the two years since we acquired our Nicaraguan assets, becoming a growing gold producer that continues to deliver positive and sustainable benefits to all stakeholders. Continued integration of our sustainability programs across the business enabled Calibre to exceed the high end of our 2021 production guidance.

“Perhaps most significantly, we launched our Five-Year Sustainability Strategy (2022-2026), a pivotal step toward integrating robust ESG performance as Calibre’s business edge. The strategy forges a connection between Calibre and its partners’ internal responsible business practices, their contributions to the sustainability of our host communities, and global efforts to safeguard the future of our planet.

“With our recent acquisition of our Nevada assets, Calibre has become a diversified, Americas-focused, growing mid-tier gold producer. This allows us to extend our ESG commitment, and to advance our journey toward becoming a front-runner among our peers in sustainability. We will continue executing our business *The Right Way, The Safe Way, Every Day.*”

The Report can be found [here](#) and on the Company website at [www.calibremining.com](http://www.calibremining.com).

The 2021 Sustainability Report has been prepared in accordance with the Global Reporting Initiative (“GRI”) Standards and the related GRI G4 Mining and Metals Supplement; the Value Reporting Foundation’s Sustainability Accounting Standards Board 2021 Metals & Mining Industry Standards; and the Mining Local Procurement Reporting Mechanism.

#### **About Calibre Mining Corp.**

Calibre is a Canadian-listed, Americas focused, growing mid-tier gold producer with a strong pipeline of development and exploration opportunities across Nevada and Washington in the USA, and Nicaragua. Calibre is focused on delivering sustainable value for shareholders, local communities and all stakeholders through responsible operations and a disciplined approach to growth. With a strong balance sheet, no debt, a proven management team, strong operating cash flow, accretive development projects and district-scale exploration opportunities Calibre will unlock significant value.

#### ***Cautionary Note Regarding Forward Looking Information***

*This news release includes certain "forward-looking information" and "forward-looking statements" (collectively "forward-looking statements") within the meaning of applicable Canadian securities legislation. All statements in this news release that address events or developments that we expect to occur in the future are forward-looking statements. Forward-looking statements are statements that are not historical facts and are identified by words such as "expect", "plan", "anticipate", "project", "target", "potential", "schedule", "forecast", "budget", "estimate", "intend" or "believe" and similar expressions or their negative connotations, or that events or conditions "will", "would", "may", "could", "should" or "might" occur. Forward-looking statements necessarily involve assumptions, risks, and uncertainties, certain of which are beyond Calibre's control. For a listing of risk factors applicable to the Company, please refer to Calibre's annual information form for the year ended December 31, 2021, available on [www.sedar.com](http://www.sedar.com). This list is not exhaustive of the factors that may affect Calibre's forward-looking statements.*

*Calibre's forward-looking statements are based on the applicable assumptions and factors management considers reasonable as of the date hereof, based on the information available to management at such time. Calibre does not assume any obligation to update forward-looking statements if circumstances or management's beliefs, expectations or opinions should change other than as required by applicable securities laws. There can be no assurance that forward-looking statements will prove to be accurate, and actual results, performance or achievements could differ materially from those expressed in, or implied by, these forward-looking statements. Accordingly, undue reliance should not be placed on forward-looking statements.*
